Responsible Parliament: Embracing Evaluation for Agenda 2030

17th - 19th September 2018
Colombo, Sri Lanka

At

Hilton Colombo Hotel and Parliament of Sri Lanka

Organized by:

The Global Parliamentarians Forum for Evaluation (GPFE), together with Sri Lanka Parliamentarians Forum for Evaluation, Prime Minister's Office of Sri Lanka, Parliament of Sri Lanka, EvalPartners, and Sri Lanka Evaluation Association

EvalColombo 2018

EvalColombo 2018 is the first ever parliamentarians global event to promote evaluation culture and we are delighted to host it in Sri Lanka. The forum will be an excellent opportunity for parliamentarians, the evaluation community and development partners to initiate a dialogue on greater use of evaluation and evidence based decision-making within legislature.

Since we are a global family of nations moving to the next era of global development, driven by a vision of ending poverty, protecting the planet, ensuring prosperity for all and other key SDG concepts, we need stronger M&E frameworks to reach our goals.

Parliamentarians from across the globe who are committed to evaluation will join evaluation experts, international delegates and renowned speakers to ensure a rich discussion on developing stronger monitoring and evaluation frameworks, evidence based decision making and accountability in the government.

You are welcome to be part of this great event. Please contact us for details.
